**REX BEGONIA BEWITCHED**

Bewitched is a uniform series with an unbelievably fast crop time compared to traditional rex begonias. It presents a beautiful cut leaf with strong colors and strong basal branching that creates a quick filled pot. Plants are ideal for a shady spot outdoors or will last years indoors.

Green Fuse Botanicals | [www.green-fuse.com](http://www.green-fuse.com)

**HELLEBORE 'WINTER ANGELS CHARMER'**

Out of the same breeding program that brought us the popular Frostkiss series come an entirely new series. Winter Angel varieties boast early bloom and can be produced for a Christmas retail program with flowering starting as early as November. The first variety in the series is Charmer, sporting large, deep pink flowers on a compact habit.

Pacific Plug & Liner | [www.ppandl.net](http://www.ppandl.net)

**NEMESIA**

Essential is a brand new series of nemesia. Blooms are sweetly scented. Seven bright solid and bicolored blooms are available.

Westhoff | [www.westflowers.com](http://www.westflowers.com)

**GEUM 'TEMPO ROSE'**

'Tempo Rose' boasts semi-double flowers and an excellent bloom count, repeating March until October. Black flowering stems with rose flowers grow on a dense, compact habit with high crown count. This selection is loved by pollinators.
