Light Levels: Full sun

Water Requirements: Dry moderately between waterings

Hardiness Zones: 9 - 11

Possible Problems: Insect: None known

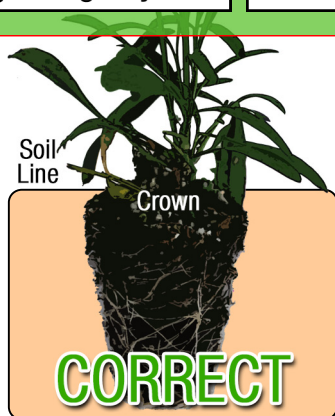

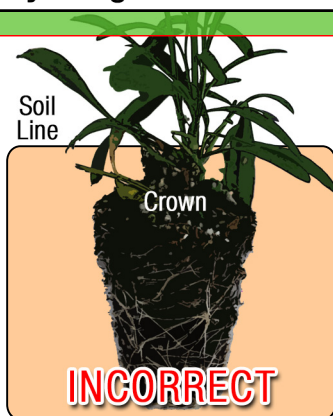

Habit: Mounding

Diseases: None known. With poor drainage, root rot could be a problem.

Day Length for Flowering: Long day

## Description

Makes a mounding, small shrub. Its soft, silvery foliage works great in a mixed container or in the ground. Can be used for containers, accent, or planted in mass. It can be trained as a small specimen tree. It is fast growing and needs good drainage.

Do NOT bury the crown of the plug
