Habit: Slow spreading low growing mat

Possible Problems: Insect: Aphids, slugs & snails are possibilities

Day Length for Flowering: Long day

Diseases: Root rots if grown too wet

Do NOT bury the crown of the plug

Description

This beauty has brilliant yellow foliage in the spring lightening to lime in the summer. The flowers repeat bloom in spikes 1½" violet-blue bells. This breeding breakthrough is a vigorous, clumping form. A tough plant that grows best in low fertility soils.
