Possible Problems: Insect: No major problems

Diseases: No major problems

Habit: Mounding

Day Length for Flowering: Short day

PGRs: Not required or recommended

Do NOT bury the crown of the plug

Description

You'll love the compact, mounding habit of 'Roly-Poly' with its display of red and lime-green leaves. Vigorous branching from the base creates a symmetrical plant. It's also late-flowering, making this plant an easy-care selection for containers, hanging baskets, summer borders and mass plantings.
