Hardiness Zones: 6 - 10	Possible Problems: <u>Insect</u> : Aphids, mites, white fly and thrips are possible <u>Diseases</u> : Rust and powdery mildew are possible	
Habit: Mounding		
Day Length for Flowering: Long day		

Description

Large, deep ruby-red flowers are fringed with a collar of frosty white. Plant habit is choice, with its flowers held up elegantly. This plant has been prominently featured in Birds & Blooms Magazine. In fact, it was named by the readers in a 2009 contest. Truly a color breakthrough in the world of Coreopsis.
