Habit: Clumping

Diseases: The plants can have leaf spot and crown rot if kept too moist

Day Length for Flowering: Long day

Do NOT bury the crown of the plug

Description

A perfect mound of white daisy-like flowers. Yellow green cones are prominent feature and add a touch of freshness to the flower. Clean, moss green foliage is held clear to the ground, making this an ideal pot crop or front of the border Echinacea. Flowers are abundant throughout the summer and early fall months.
