Habit: Mounding

Diseases: Root rot may occur with excessive soil moisture. Powdery mildew, rust, and leaf spots may occur.

Day Length for Flowering: Day neutral

Do NOT bury the crown of the plug

Description

Finally, a purple addition to the SODA™ series! Amazing rose pink spring leaves are followed by lovely light-purple flowers which flower spring through summer. Summer to winter leaves are purple burnished silver. An outstanding container and front of the border type, 'Grape Soda' further illustrates that we have come a long ways in Heuchera breeding. Long lasting flowers make this a dual purpose plant.
