Water Requirements: Dry slightly between waterings

Hardiness Zones: 3 - 9

Possible Problems: Insect: Plants are susceptible to spider mite damage

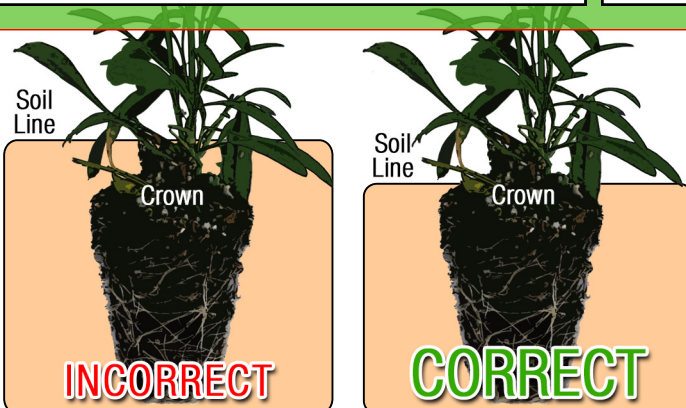

Habit: Upright, Clumping

Diseases: No major diseases

Day Length for Flowering: --

Description

A fabulous combination of gold foliage and bright red flowers. A show stopper. In spring and early summer the bright gold foliage stands out boldly. The brilliant scarlet two-lipped flowers are a bonus from July to September.

Do NOT bury the crown of the plug
