Water Requirements: Evenly moist

Hardiness Zones: 6 - 9

Possible Problems: Insect: None known

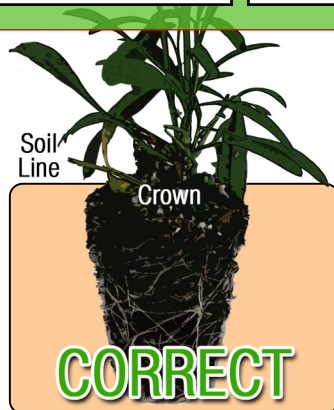

Diseases: None known

Habit: Clumping

Day Length for Flowering: --

Do NOT bury the crown of the plug

Description

Hundreds of dainty sky-blue, flowers stand on black stems over the divided bronze-green foliage on this low-growing groundcover. This woodland gem has a compact, creeping habit with flowers emerging in early summer, and continuing thru fall. This ever-blooming NEW groundcover has enchanted all who have seen it!
