Water Requirements: Dry completely between waterings

Hardiness Zones: 4 - 9

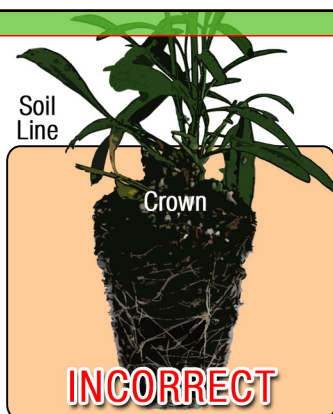

Possible Problems: Insect: No major
Diseases: Fungal problems can occur if provided poor drainage

Habit: Clumping mound

Day Length for Flowering: Obligate long day

Description

Upright mounds of lightly scalloped, glossy dark chocolate-brown leaves make a great addition to the border or the rock-garden. Soft rose-colored flowers top and accent the foliage. Mix with golds and bronzes for an unforgettable effect. So round and chocolatey, you'll want to "kiss" them!

Do NOT bury the crown of the plug
