Light Levels: Part or full shade

Water Requirements: Dry slightly between waterings

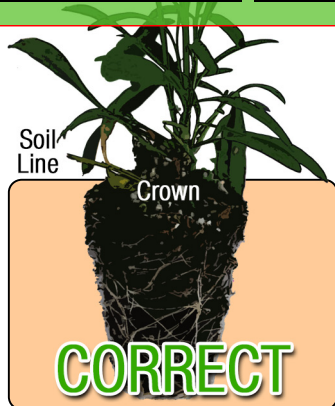

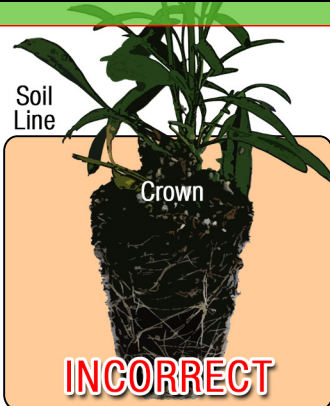

Hardiness Zones: 4 - 9

Possible Problems: Insect: Root weevil in the garden

Habit: Clumping

Diseases: Can be affected by root rot if soil is kept too wet

Day Length for Flowering: Day neutral

Do NOT bury the crown of the plug

Description

This plant has a nice tight habit and pink tinted blooms that result in masses of flowers in the spring. Foliage is less finely cut than many and has a nice dark spot in the center of each leaf.
