Light Levels: Part or full shade

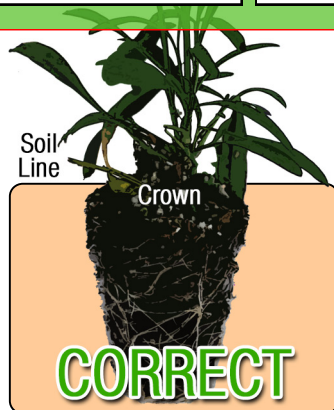

Water Requirements: Dry slightly between waterings

Hardiness Zones: 4 - 9

Possible Problems: Insect: Root weevil in the garden
Diseases: Can be affected by root rots if soil is kept too wet

Habit: Clumping

Day Length for Flowering: Day neutral

Do NOT bury the crown of the plug

Description

Purple-black winter foliage, cut like a leaping martial arts figure, motivated Ken to use this name. Spring color is magnificent, with coral tinted flowers and leaves well marked with black. This is an improvement over older forms that had to mature to show coloration. Nice bronzing in fall. Bronze Award winner at Plantarium '00. Winner of the Medaille d'Argent - one of the highest awards at Courson in '99.
