

TERRA NOVA® Nurseries Introduction

COLEUS

TERRA NOVA® SERIES

TERRA NOVA® 'PERIDOT'

- PGRs not required or recommended
- This gem forms a small mound of lime green
- The leaves have both cut and ruffled edges
- Self branching and slow to flower for a clean look
- An excellent replacement for Impatiens
- Foliage Height: 12" - Foliage Spread: 24"
- Zones 10-11 - Part shade to shade
