

TERRA NOVA® Nurseries Presents

# PULMONARIA

## CEVENNENSIS

- Long, silver, spear-shaped leaves are highly mildew resistant and provide the perfect backdrop for an extended floral show
- Midnight blue flowers are wider than the typical longifolia species
- This very vigorous selection does better in the south than many
- Foliage Height: 18" - Foliage Spread: 24" - Flower Height: 12"
- Zones 4-9 - Part shade
